

I wanted to tell you how K-LOVE, a station broadcast on a FM translator, is important to me and my family. I have been blessed by hearing K-LOVE in both Oklahoma City and now in the Denver area.

The station serves my family by being a positive influence over the airwaves that are currently cluttered with offensive comments and music on regular FM stations. If it were displaced by a LPFM broadcaster, we would not have the benefit of its influence and would be forced to only have profane DJs and programming on the radio.

K-LOVE greatly meets the public interest by being open to all listeners, and by providing an escape from material and music that may harm young listeners and conservative adults.

I strongly request that you decide against expanding the LPFM service that may eliminate K-LOVE and other FM translator services.

Thank you for your time.  
G. Yeager
